## Live Music Update – New Singer Performance

Dear Members,

We would like to thank for your genuine support of the live music performance on every Saturday night, this exclusive service will be enhanced and a new female Philippine singer has been arranged for even higher expectations. The new performance will be commenced from 6<sup>th</sup> March 2010 for this enriched performance.

There will not be live music performance on 27<sup>th</sup> February 2010 (Saturday) due to the overlap of schedule by the female performer.

We are looking forward to meet you in the Bar for the new musical highlight and do hope you would appreciate for the new arrangement that selected by the General Committee.

We thank you for your kind attention to the above and please contact the Club Office at 23687733 if you have any question.
