## Notice

Dear Members,

### New Credit Limit and Encouragement of "Auto-pay" Mechanism

In accordance to a resolution made in our last General Committee Meeting of October 27, 2011 it had been resolved that the credit limit of each and every club member should be increased from the prevailing \$30,000 to \$50,000 facilitating the increase demand of daily expenses in the Club effecting from January 1, 2012 onward.

We also wish to recommend to some of our club members who are still paying their monthly club bills either by cash or cheques to change their payment mode to a practice adopted generally by majority club members. This will, on one hand, be considered as a more fair deal towards all members and on the other hand, help to improve the management efficiency of our club in the long run.

Thank you very much for your kind attention and co-operation.

Best Regards,

For & On Behalf of the General Committee
