On 22 February 2011, the GC agreed the following Greens Closure Procedure under inclement weather. Details are listed below:

Morning Arrangement

The Ground staff shall decide before 9 a.m. if the Greens can be cut and rolled. The Greens will remain closed unless cut and rolled until 1 p.m.

Afternoon Arrangement

The Ground staff shall decide before 1 p.m. if the Greens can be cut and rolled. The Greens will remain closed unless cut and rolled until 5 p.m.

Evening Arrangement

The Ground staff shall decide before 5 p.m. if the Greens can be cut and rolled. The Greens will remain closed unless cut and rolled until following day.

Special Circumstances

In the event that heavy rain falls after the Greens have been cut and rolled and declared open, the Grounds Convenor or in his absence the grounds staff will advise the office that the greens are unplayable and therefore closed. If the weather conditions subsequently change during any of these periods the Grounds Convenor or in his absence the grounds staff will re-open the greens and advise the office accordingly. As stated in the Club Bye-Laws in the absence of the Grounds Convenor any two Club Committee members may open or close the greens if in their unanimous opinion the weather conditions so warrant it.

Advisory Arrangement

The Grounds staff shall advise the Office and Bar staff of the above to enable telephone enquiries to be applied to and for notices to be shown at the greens and in the clubhouse.

Grounds Convenor

The Grounds Convenor will generally concur with the grounds staff decisions. However, in exceptional drying out conditions he shall discuss and agree with the grounds staff a possible opening time of the greens.

In all situations the Grounds Convenor decision is final.
