

# KOWLOON BOWLING GREEN CLUB

13 August 2011

## Notice

Dear Members,

At the last General Committee Meeting a decision was taken to amend the rules governing future applications for Sporting Membership. Please note that on successful admittance to KBGC as a Sporting Member, the candidates must agree to abide by the following rules:-

- i) The player must be available for selection to KBGC league teams for a minimum of four years (subject to the EGM approval).
- ii) The player must attend league team practice for a minimum of 70% of the time of such events.
- iii) When entering National Competitions the player must enter together with other players who are also members of KBGC.
- iv) The Sporting Member will be subject to an additional food & beverage levy of HK\$600 per month.
- v) A Sporting Member will initially be subject to a six month probationary period and on successful completion of his/her four year league participation will be invited to become an ordinary member of the club and as such have full voting rights.
- vi) Sporting Members will after the 4 years period be required on confirmation of their membership being elevated to Ordinary Membership status, pay to the Club 50% of the difference between the Sporting and Ordinary Membership fees applicable at the time of their joining the Club.
- vii) The General Committee reserves the right at all times to suspend and/or revoke the membership of any Sporting Member who is considered to be in contravention of the aforementioned terms and conditions.

Please note that under Articles 47B(2) the current Sporting Membership is 2 years and the General Committee will bring a resolution to an EGM for this period to be increased to 4 years as detailed above. This will bring us in line with other similar clubs.

For and on behalf of  
The General Committee of Kowloon Bowling Green Club

John Lunn  
Vice President
